

Introducing VCS Pets First Pet Health Cards

Do you know someone with a new pup or kitten and you want to help them get the best health care possible? Or, maybe you would like to put some money aside for your pet's care in the future.

VCS Pets First health cards are cards that can have any amount of money placed within them or added to them over time. Then those funds can be utilized for routine, emergency or even specialized care at VCS Pets First or Veterinary Care Specialists. It is a great gift to the new pet owner!

During our recent tuff economic times, very few of us have the financial reserves we once had and we are not always prepared for the regular or the emergency medical care our pet needs.

Even pet insurance plans do not cover the full costs of medical and surgical care. The pet health care cards can be used as a method of saving for your pet's future medical care.

Please call or stop by our office to learn more about the health care cards.
